

FIS BLUE 2RU RACK MOUNT ENCLOSURE

The 2RU FIS Blue Rack Mount Enclosure provides many flexible configurations in a 2RU form factor. It accommodates either (4) or (6) LGX adapter plates, modules or cassettes depending on the style chosen. Slide out trays and removable front and back doors allow easy access to the patch bay. Multiple cable retention brackets and tie down spots allow for convenient cable management. Spring loaded stop latches keep the tray securely in place when retracted. Rack mount installs into a standard 19" rack. Adapter plates, 23" mounting brackets and 19" flush mounting brackets are sold separately.
